Keynote Session: *AI For the Sake of Humanity – Jekyll Vs. Hyde*

Presented by: Mick Ebeling

Say the letters “AI” and you may imagine Mr. Hyde...but what if Dr. Jekyll appeared instead? The concept of artificial intelligence, or AI, elicits thoughts of science-fiction, Big Brother, and a scary, robot-controlled world set in a dystopian future.

As artificial intelligence expands into every aspect of our lives, including the OR, innovator and humanitarian Mick Ebeling looks closely at how we can harness its value for good.

ASA President's Reception

Monday, October 24 | *Ticketed event*

The National WWII Museum
Connect with ASA leaders and your peers while you enjoy an evening of entertainment, an open bar, and hors d'oeuvres. Purchase your ticket(s) while registering for the meeting. All attendees are invited!

Residents, Fellows, and Medical Students

Meet us in NOLA to Learn, Connect, and Prepare

New Orleans is the place to be for future anesthesiologists!

Learn from leaders, connect with peers, and thought leaders from across the globe, and prepare for the next phase of your career.

Make the Most of In-Person Connections

- **Resident, Fellow, and Medical Student Reception** – Meet your peers and connect with friends. Engage with ASA leadership, industry, and annual meeting supporters while enjoying beverages and hors d'oeuvres.
- **Meet and Greet with Residency Programs** – An exclusive opportunity for first-, second-, and third-year medical students to learn about anesthesiology programs and get questions answered by program directors and residents.
- **ASA Career Fair** – Hone your interview skills, make meaningful employer connections, and land your desired position at the ASA Career Fair. Meet with private practice employers, group practices, hospitals, health systems, and other recruiters from around the U.S.

Watch a Podcast in Action!

Participate in a live-audience podcast hosted by Dr. Jed Wolpaw, of the popular ACCRAC series! Ask questions and hear from a panel of esteemed and interesting anesthesiologists who will share their expertise and experiences.

Medical Students

Power up your education and training by attending interactive and informative educational sessions to:

- Navigate the road to residency from resume building to match
- Raise your awareness of the faces of anesthesiology
- Branch out and build your professional network
- Increase your knowledge of the basics of clinical anesthesiology

Residents and Fellows

Carefully curated sessions to answer your most pressing questions:

- The pros and cons of academic and private practice
- How to know if fellowship is right for you
- What you can learn from closed malpractice claims
- The APPLIED exam and how to prepare for the orals and the OSCE

Career Fair

Saturday, October 22

Whether seeking a job out of residency or needing a career change, meet with potential employers from group practices and health systems to discuss available career opportunities, brush up on your interview skills, and grow your network connections for future employment. Hosted by YM Careers, ASA's Anesthesiology Career Center provider.
